

EXISTING TOOLED CRUCIBLES

Part Number	Height	Outside Diameter	Wall Thickness
C109	1.29"	1.38"	0.10"
C125	2.56"	1.38"	0.10"
C113	0.71"	0.95"	0.09"

AVAILABLE MATERIALS:

High Purity Alumina (99.6, 99.8, and 99.9 or customized)
Partially Stabilized Zirconia (ivory, black, black ESD, other colors)
MgO Stabilized Zirconia
Aluminum Nitride (Y) and other non-oxides.
Conventional ZTA and ATS or customized both available.
Many other materials available.

SPECIAL NOTES:

Precise dimensions depend on the material molded.
Tolerances are typically $\pm 0.5\%$.
Custom crucibles can be easily tooled to your specifications.
